

HARNESSING THE POTENTIAL OF INDIA'S YOUTH

MAST Center in Rewari, Haryana, India
Project Update 31st October, 2015

Project Target

To train 350 candidates with 75% placements and to retain 60% for 3-6 months through market aligned courses (Beauty Culture, ITeS, General Electrician, Workplace Readiness and Garment Construction & Production) with relevant jobs.

Project Highlights

1. Trainer for garment construction training and Master Trainer for Production work have been identified.
2. Garment construction lab with 2 Juki machines, 1 interlock machine, 1 embroidery machine, 1 pressing table with boiler, 1 cutting table and 5 motor backed sewing machines has been set-up.
3. Signing of agreement with London Academy for providing Spoken English to the trainees is in process.
4. The response from the youth, mainly from female candidates, towards the Garment Construction training cum production work has been positive; total 31 candidates enrolled so far.
5. Training on Virtual MAST was organized by *Anudip* Foundation, Kolkata on 29th September at the centre.
6. Necessary hardware has been set-up for Virtual MAST
7. Regular follow-up with placed candidates and their employers.
8. Candidates mobilization drive being organized on daily basis.
